

## CREDENTIAL VALIDATION PROFILE

# EON AI Ventures × University for Business and Technology

*Formally Accredited European University Credentials for EON's 9,000-Course Global Library*

## THE PARTNERSHIP

## What This Means for Students

Every course on EON's Global Virtual Campus — across all 9,000 titles in 17 industry segments — now carries the option of a formally co-issued credential from the University for Business and Technology (UBT), a European university with full British Accreditation Council recognition.

For a 25% premium above standard course fees, students anywhere in the world receive a credential recognized across 500+ EU and US universities — opening doors that digital learning alone could not.

## FOUR LEVELS OF FORMAL RECOGNITION

### Certificate

Single-course completion. Digitally verifiable, LinkedIn-shareable.

### Professional Diploma

Program-track completion. Bologna Process aligned.

### Bachelor's Degree

Full undergraduate qualification. KAA accredited.

### Master's Degree

Post-graduate, co-issued by UBT Graduate School. Faculty validated.

## ABOUT UBT

## University for Business and Technology

European University · Physical Campuses in Vienna & Europe ·  
Founded 2001

*“This partnership closes the most critical gap in digital education today. Our students have always had world-class content. Now they have world-class credentials to match.”*

— Dan Lejerskar, Chairman & CEO, EON AI Ventures

*“UBT’s mission is to make world-class education accessible and internationally recognized. Our partnership with EON AI Ventures brings European academic standards to millions of learners that traditional universities cannot reach.”*

— Prof. Dr. Edmond Hajrizi, Rector & Founder, UBT
